

The Infant Room

This is a positive learning environment geared towards providing the appropriate developmental skills for infant's ages 6 weeks to 14 months old. Language, music, story, and motor skill activities are all emphasized to promote learning and development early in life. Walking is also a main skill that is worked on. The ratio of teachers to children is 2 to 10. Children will have their own crib assigned to them and will be fed according the schedule specified by the parents. For the older infants (ages 9 months and up) will be provided with a morning and afternoon snack.
